

Hi! I'm Hayden

I was born in August 2005.
I need a one or two parent family
who can adopt me; preferably where
I'm the youngest in the household.
Maybe it could be you?

I'm happier than
Grumpy!

I'm not meant to climb
up here but what a view!

Try me with a shape puzzle

Well it fitted the last
time I tried!

Hayden for the Premiership!

Who needs baby cups?

I love this bouncy springy toy!

Ssshh? I'm thinking...

Are you the right family?

We would consider any family who can give Hayden the understanding and care that he needs. Hayden needs to be looked after at home when not at day care or school. A single carer would need a good support network and limited other demands. Financial support and other support needs could be explored further with any potential family. Would you like to know more about Hayden? If the answer is 'yes' or even 'maybe' please ring Chris on 020 7520 2881.
